email on the same day and same time zone. There is no way a member of the Confederation Party will receive a just and fair trial being labeled a domestic terrorist by the Republican and Democratic Party.

4: In present time, The United States of America and its Confederation Party, in existence for over two hundred and thirty five years, has a history of advocating for the independence of the States of the Union under the rules of the Law of Nations. The Republican and Democratic Party have been fighting to subdue the States of the Union into tax collectors for the foreign Roman Empire consisting of Washington D.C., Vatican City and the City of London.

5: The fight against independence of America by the Republican and Democratic Party has resulted in massive debt claims by the Private Central Bank against America and its people. The Confederation Party platform strives for independence and self reliance of America and its people.

6: Apparently any type of claim to independence by the Confederation Party is deemed a threat to the Republican and Democratic Party together. Therefore the term “sovereign” has been deemed “domestic terrorism” and therefore allows the aforementioned Democratic and Republican Party to murder, through its police agencies, any other political party members they deem a threat to their party platform.

Therefore, the Confederation Party is hereby accusing the Republican and Democratic Party of attempting to murder the Governor of The United States of America through a series of imagined criminal activity created by an administrative record, and labeling the Governor of The United States of America a domestic terrorist with the same administrative record, thereby convincing the Public at Large that the Confederation Party is somehow dangerous to the Public at Large and a danger to society.

INTERNATIONAL NOTICE

Any and all ridicule, false profiling, false arrests, slander in the media, attempts to discredit, paper terrorism in the form of republican and democratic court warrants against affirmed American Nationals and Confederation Party members or any other forms of violence will be considered an International act of terrorism against The United States of America.

DAMAGES ASSESSED BY THE GOVERNMENT OF THE UNITED STATES OF AMERICA

1: Damages against the Confederation Party will be assessed by the office of the Treasury for The United States of America when the International Crises has been concluded.

So accepted on the **24th** day of **June, 2014,**
