## World Peace Treaty

World Peace Treaty by and between The United States of America and all Nations, States and countries on the third planet from the sun.

The World Peace Treaty is written in the Spirit of Peace and Reconciliation of Past and Present Conflicts done in the name of The United States of America against its neighboring countries.

*We, The United States of America that are in the World, but not of the World hereby autograph this "WORLD PEACE TREATY". The voice that resonates from these writings agrees to bind their selves by abiding by these Articles, independently and collectively in its international relations with all other countries on earth.*

### ARTICLE ONE

The United States of America hereby approaches all countries in the world to atone for its inability to stop the atrocities that have been committed in its name. The United States of America is in a state of repentance for its inability to stop the world wide abuses that have been planned, perpetrated and enforced against the sovereignty of other countries in the name of its own freedom. Therefore, these articles are offered to other countries as a declaration and pledge that The United States of America has transformed its International Character as a country of freedom, liberty, and international responsibility for its actions and the lack thereof, and

Further, The United States of America has signed the Law of Nations as a first step in repentance, and has bound itself to those principals written therein, and

The United States of America has charged itself to refrain from allowing the Law to go beyond the voice of reason and is used to restore peace, and not used to cause chaos, feed the addiction and insecurity of greed, abuse the minds of other bodies which is nothing more than dysfunction within Nations, States and Countries and causes Wars and Death which violates these basic rights. The United States of America has been through all of the horrors of war, human rights violations, atrocities, and this generation has grown beyond those addictions and appetites with

the realization that all people are equal, and are to be guaranteed Human Rights as written in the Universal Declaration of Human Rights, and

Natural Law and Natures One True Source has spoken these Words over the ages of men and women. It is time to bind ourselves in the Light of the Words of the One True Source and put away these childish things.

We must overcome our carnal instincts and bind ourselves to the higher calling of Love and not Fear, Peace and not Violence, Choice and not Force, Comprehension and not Ignorance, Empathy and not Selfishness, Service and not Self Worship, Dedication and not Laziness, Equal Trade and not Theft, Respect and not Domination, Honor and not Disgrace, Self and not Ego. We must know that our time on this Planet is limited, and our most Precious Possession. In this Universe, nothing is wasted, all energy never dies.

Therefore, "THE WORLD PEACE TREATY" is written, and can be signed by any country that desires to join The United States of America in its journey to full self-realization, honor for one another, respect for one another, and equal trade with one another. The United States of America does not expect other countries to trust it just because it offers a World Peace Treaty, the common principals of The United States of America is that trust, respect and honor is earned and not demanded through acts and not just words on a piece of paper. The United States of America fully realizes that other countries around the world, in most cases, hate the U.S. and the United States for one reason or another.

The United States of America is now saying that those countries are right to be angry, and they are right to shun the United States and the U.S. and the Most High in Heaven has every right to completely wipe The United States of America off the map as a whole.

Therefore, The United States of America must repent for its inability to stop those actions that caused the hate and distain against its people. The United States of America hears those people, and have pledged themselves to use its power to cause peace, and

## **ARTICLE TWO**

The United States of America will not spy on its neighbors, nor will it influence its politics, laws nor people into rebellion against its Government, and

## **ARTICLE THREE**

The United States of America will come to the aid of its allies openly, never to cause its allies from falling into the hands of its allies enemies, and

## ARTICLE FOUR

The United States of America has enforced upon itself the highest standards of professional and ethical behavior, therefore expects those high standards in return so that both countries may achieve peace and prosperity, trust and honor, and

## ARTICLE FIVE

The newly affirmed American Nationals for The United States of America have accepted the liability of correction, in its most humble terms, and have accepted the responsibility of their own country, that is never again to be left in the hands of those that would use its power against its fellow countries in the name of its own freedom, to fulfill the appetite of control and tyranny over others, and

## ARTICLE SIX

The United States of America is on its knees to the Most High in heaven, and asking the Most High to grant The United States of America forgiveness, after it has proven it has repented, and to ask for a chance to repent, and

## ARTICLE SEVEN
